LeeAnn Contreras BSN, RN, IBCLC

The IE Baby Friendly Hospital-Community Network is a collaboration of IE hospitals and community partners such as WIC and Black Infant Health, who come together to support the progress towards, the maintaining of, and the consistency of, breastfeeding friendly policies and practices across our counties, as we support the health of our Inland families through healthy first foods. We are currently networking and sharing our journeys of being Baby Friendly and deciding the future in regards to SB402.
