Inland Empire Breastfeeding Coalition presents:

FREE Virtual General Education Session

Advancing Perinatal Mental Health Care While Caring for the Caregiver

Objectives:

1. Assess and respond to complex perinatal mental health concerns to support effective perinatal health care.
2. Identify the hidden emotional labor of perinatal care providers, including lactation professionals, and explore the link between patient care and provider well-being.
3. Apply one reflective practice skill during care provision to support decision-making, promote provider well-being, and improve patient health outcomes.
