The Hospital Collaborative provides a safe and supportive space for collaboration among local perinatal hospital units and community partners—such as WIC and Black Infant Health—to advance, maintain, and align breastfeeding-friendly policies and practices across our counties, promoting the health of Inland Empire families from the start.

Health & Safety Code §§ 123360-123365 – “Breastfeeding Education & Support” law requiring hospitals to provide a breastfeeding consultant or, alternatively, information to the mother about where to get breastfeeding information.
